Probably it's a feature that's still in the offing Chrome Speak gives you complete control over Rate, Pitch, and Volume.. Even for most of us, who love to tap away on our keyboards, giving our ears a chance over our eyes has some interesting benefits.. On the Home tab, in the Paragraph group, click the arrow next to Numbering To adjust the space between the bullet symbol and the text, click the arrows in the Text Indent box.. These are also features that Amazon could choose to discontinue. Chrome Speak does its bit to add some more handy ways to read long pieces of text.. Chrome uses the default voice available with the system, but you can add more to your operating system and select them from the Options under Chrome Speak. 34bbb28f04 [تحميل برنامج](#)
